

Course *Matlab*

PD Dr. Karsten Müller & Dr. Jane Neumann

Based on SPM, participants will learn how to use basic mathematical concepts in Matlab which are essential to implement cutting-edge ideas of brain data analysis. The course includes the use of matrix functions and their applications in image processing. In addition, the concept of how to write own Matlab scripts and functions will be content.

Requirement: Participants are required to bring their own laptop with an installed and running Matlab version.

Dates: 10 April
8 May
22 May
29 May
5 June
12 June
3 July

Time: 11:00 – 12:30

Location: Max Planck Institute for Human Cognitive and Brain Sciences
Stephanstrasse 1A
Seminar Room Library
